Hello, All Saints' Academy!

Summer is drawing quickly to a close, unbelievable, but true! I hope yours has been a delight and filled with all that you wanted it to be. The new year always holds sweet promise and we look forward to discovering with you all the possibility it represents.

Faculty faces are popping in regularly now as they eagerly anticipate welcoming our children back to school.

Class listings are posted with this letter. Please celebrate your child's new teachers in some special way in your family and by doing that you will begin the new partnership in the education of your child in the most effective way. One of the joys of each new year is hearing faculty excited about the welcome for our children.

Please review the changes in the student handbook, particularly in regard to our expectations for student appearance. Extreme haircuts, including mohawks, are not permitted, in keeping with a quality college preparatory environment.

Our division dream team this year is as follows:
